

Every material we cut, engrave or print on is sourced from an established manufacturer or national distributor, so you can have confidence in the quality of the product.

Rowmark Australia *2-Colour Acrylic & Anodised Aluminium*

Rowmark has manufactured engravable sheet plastics since 1987 and is the reference brand for micro-surfaced two-colour material in switchboard and control panel work. Rowmark Australia holds the range locally, which is where our two-colour acrylic colourways in 0.8 mm and 1.6 mm come from.

Arlon Graphics *High Tack Printable Vinyl*

Arlon has been making self-adhesive films and overlaminates since 1958. Our printable vinyl is Arlon DPF 510 MHT high-tack film, chosen for low surface energy and lightly textured surfaces, finished with gloss or matte overlaminate.

Hexis *Overlaminates*

Hexis is a French manufacturer of self-adhesive films and laminates, established in 1988 and supplying the sign and graphics trade worldwide. We use Hexis laminates alongside Arlon where additional print protection and a gloss or matte finish is required.

Nova Sublimation *Sublimation Coated Aluminium*

An Australian supplier of sublimation materials and coated aluminium. Our 0.48mm Sublcoat sheet in brushed and smooth silver, gold and white comes through Nova, and is the base for detailed sublimation printing.

Australian Sheet Traders *Composite Panel & Corflute*

A trusted national supplier of premium plastic sheets, aluminium composite panels and specialist materials with high quality and expert advice, Australian Sheet Traders supply our 3mm composite panel and 3mm corflute sheets.

Biolink Tape Solutions *Adhesive Tape*

Biolink supplies the adhesive tape we use on all of our materials, aside from vinyl and UV Direct to Film, delivering high-performance bonding solutions and innovative products for industrial and manufacturing applications.

O'Brien Engineering *Coated Aluminium*

A leading Australian supplier of engineering plastics, industrial materials and precision components, recognised for quality products and technical expertise since 1963.

Substitutions

Where a listed brand is unavailable, we'll nominate an equivalent and confirm it with you before production. Technical data sheets for every material are available on request or from the resources page.
