

CAPABILITY STATEMENT

Effective Date: 17th of August, 2026

About Us

Precision Labelling provides custom industrial, safety, cable & equipment marking Australia-wide.

We produce durable, long-lasting labels to meet your specific application, with compliance, environment and site requirements in mind.

Whether you need one label or one hundred labels, we approach every order the same way - with a focus on high standards & the intention to help you get your project signed off. From basic labels to entirely custom, detailed identification, we aim to provide a complete service starting at material selection & artwork, all the way through to final production.

Precision Labelling is powered by Recognition ID.

Our Capabilities

Industrial

Durable identification for machinery & equipment, components, assets and other industrial elements.

Safety & Compliance

Legible, high-visibility labels suitable for hazards, warnings, site identification & compliance requirements.

Electrical

Identification for switchboards, control panels, cable marking & technical information.

Custom

Labels built to suit the application, with custom sizing, colours, finishes and mounting options. Where necessary, we can do our best to match existing labels for consistency across the project.

We can create & match labels from:

Customer-supplied artwork

Drawings & site specifications

Photos

Samples

Materials & Finishes

We offer a range of substrates and finishes to fit as many applications as possible.

Available finishes include:

2-Colour Acrylic
Anodised Aluminium
Coated Aluminium
Aluminium Composite Panel
Corflute
High Tack (High Adhesive) Vinyl
UV Direct to Film
Sublimation

Engraving
UV printing
Vinyl overlay
Gloss & matte laminate
Barcodes & QR codes
Sequential Numbering
Adhesive, non-adhesive & screw mounting

Our Approach

Understanding

We work with you to identify the application, environment & performance requirements.

Recommending

We recommend the most suitable material, adhesive & finish.

Proofs

Artwork & material specs are reviewed and approved before production.

Production

Labels are manufactured to the approved specs.

Quality Check

Each order is checked at multiple stages to ensure quality, accuracy & consistency prior to sending.

Applications

Manufacturing
Warehousing & logistics
Construction
Electrical
Engineering

Machinery & equipment
Transport
Commercial property
Office
Maintenance & asset management
