CABLE IDs
TECHNICAL DATA SHEET

PRECISION LABELLING
POWERED BY RECOGNITION ID
IDENTIFY • MARK • COMPLY

Material *Clear protective overlaminate for printed applications*

Finish	Transparent gloss
Thickness	70µ (micron)
Printable Area	White background, black text
Font	Arial
Cable Diameter Range	2-15mm O.D.

Printable area is white background, black text in Arial as standard. Alternative colours and fonts are available on request. Custom sizing for larger cable diameters is available on request.

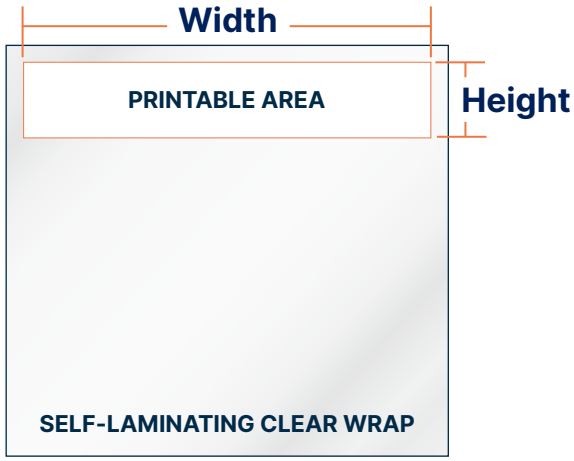

Installation

Adhesive Type	Permanent solvent-based pressure-sensitive acrylic
Maintenance Temperature	-30°C to +60°C
Chemical Resistance (material only)	Resistant to common workplace contaminants and mild chemicals
Install Instructions (Adhesive)	Apply to a clean, dry surface with even pressure

Ordering

To request a quote or order this material, send us an email with item code **PL-CABLE**, and the below information:

- **Cable Diameter**
- **Printable Area:** Width x Height
- **Text Size:** pt or height

This material is intended for surface identification only and is not suitable for direct application to exposed conductors internal wires. Chemical resistance data is provided as a guide only and is not exhaustive. End users are responsible for verifying suitability for their specific application.
